WELCOME TO WESTBROOK REGIONAL VOCATIONAL CENTER

HERE IS HOW TO HAVE A SUCCESSFUL EXPERIENCE AT WRVC

- Be here be on time, every day.
- Give your best effort. (Effort in = Effort out)
- Talk to us, we are here to listen.
- Always tell the truth. Honesty is the best policy.
- Always be respectful. This includes respecting yourself as well as others.
- Think twice, if it should not be in school, don't bring it to school.

SAFETY RULES

1. Your awareness and commitment to good safety habits is the first priority in your vocational program.
2. Rings, watches, necklaces and loose or torn clothing are all potentially dangerous and should not be worn where restricted. Please check with your instructor for appropriate attire.
3. Shops are not playgrounds. Activities such as running, shoving and general horseplay are **STRICTLY FORBIDDEN**.
4. Students enrolled in any program where safety glasses are needed will be provided with a pair of Industrial rated safety glasses. You are required to use them at appropriate times. **NOTE: If you loose them or destroy them, you must replace them. Loss of safety glasses is not an excuse for nonparticipation.**
5. You should never attempt to operate any machine or piece of equipment unless you have been instructed properly in its operation procedures and passed demonstration tests.
6. **NO STUDENT** is to operate power machinery, equipment or work in the shops without instructor supervision.

SAFETY STATEMENT

Many of the vocational programs involve the use of potentially dangerous equipment. Therefore, mature attitudes and proper procedure for operation will be taught to all persons participating in these vocational programs. Due to the nature of a vocational experience and the many unforeseen situations that could occur, it is necessary for the benefit of parent/guardian, student and the Center, that every student attending the Center be covered by an appropriate accident insurance policy while they are involved in their vocational technical program.

It is the recommendation of the Vocational Centers Administration that every student have either independent accident insurance or school insurance. It may be appropriate to have both in some cases while the student is enrolled in a Vocational Center Program. The standard school accident insurance policy covers school activities only. More information is available through your student's high school or Superintendent's office.

OUR PHILOSOPHY

The staff of Westbrook Regional Vocational Center believes Vocational Education prepares students for entry into the labor force and/or post-secondary education. We offer all interested students a hands-on, task-oriented method of instruction that develops knowledge, skills and attitudes for life and work. Our programs are designed to meet the community's changing technology-based labor demands and the student's need for quality, meaningful employment. WRVC has regular interaction with the community and industry through advisory committees, student organizations and service projects, which assist in keeping curriculum, methods and materials current and relevant.

Additionally, WRVC believes ALL students should have access to Vocational Education as a component of their secondary education. We recognize students as life-long learners and encourage early awareness of vocational and post-secondary opportunities. We enforce interdisciplinary learning in the student's regular educational setting and recognize Westbrook School Department's Vision Statement as a guiding document in creating a learning environment for our students.

WESTBROOK REGIONAL VOCATIONAL CENTERS' PHILOSOPHY IS SUPPORTED BY THE FOLLOWING GOALS:

- Provide equal access to Vocational Education for ALL students.
- Prepare graduates for entry-level employment into the labor force.
- Prepare graduates for post-secondary education.
- Maintain a safe, hands-on, task-oriented learning environment.
- Maintain a partnership with community and industry.
- Help students develop professional attitudes for success in life and work.
- Maintain current and relevant curriculum, methods and materials.
- Support and encourage life-long learning.
- Support and encourage interdisciplinary learning.
- Achieve program objectives in accordance with each student's individual abilities.
- Share the responsibility to create "the best education for all for life".
- Review and revise WRVC philosophy and goals annually.

Individualized testing, audio text, etc., can be obtained by contacting, Sanford Peabody at 854-0820.

She can be reached at the following address: **Westbrook Superintendents Office, 117 Stroudwater Street, Westbrook, Maine 04092 or at 854-0850**

CRISIS INTERVENTION

Unfortunately, times are often difficult for today's students and their families. Sometimes accidents and incidents occur that prove detrimental to the learning environment. WRVC has established both a male and female staff member to serve on the Crisis Intervention Team. Should a student or staff member become aware of or be involved in any situation that could benefit from these services, we highly recommend they contact Carmela Barton, School to Work Instructor or Sanford Peabody, Assistant Director/Student Services Coordinator

GENERAL RULES, EXPECTATIONS, PROCEDURES

ACADEMIC ELIGIBILITY

Students must meet academic eligibility requirements to participate in extra-curricular activities, including field trips, Student Government, Officer standing in Vocational Organizations and Academic and/or Trade competitions.

Students must pass their Tech I vocational trade program with a 70 or better to be eligible to enter into the Tech II program.

Students must pass their Tech II vocational trade program with an 85 year-end average or better **and** have an instructor recommendation to be eligible to enter into the Tech III program.

Academic eligibility is defined as receiving a 70 or better within their trade area and meeting the academic eligibility rules set forth by their home school.

ACADEMIC DISTRACTIONS

Items meant for recreational activities are not to be used in the Center or on the school grounds during the instructional day. Motorized or non-motorized scooters, skateboards, roller blades/skates etc. do not belong in the labs and are not to be used while school is in session. You may leave these items in the Vocational Center's office to be picked up at the end of your class. Card playing and/or gambling is not permitted on school grounds at any time.

ACADEMIC HONESTY

Honesty in schoolwork requires that students do their own work. To be honest, students should give credit for any ideas, language, or thoughts, which are not their own. If they do not credit the source of the idea, it is plagiarism (academic dishonesty). It is dishonest, of course, to cheat on a test or to copy someone's homework. However, it is also dishonest to:

1. Copy from a book without acknowledgement.
2. Paraphrase (put in your own words) without giving credit to the source.
3. Use all or part of someone's paper word-for-word.
4. Rewrite someone's paper.
5. Use another person's ideas, pretending that they are original.
6. Use an idea or a clever expression without crediting the original author.
7. Use of online translation programs in modern/classic language classes.
8. Give work to others.
9. Do the work for others.
10. Use electronic devices to copy or share protected information i.e.; tests, quizzes and papers

Cheating of any sort is unacceptable. Students caught cheating will receive a grade of zero (0), which cannot be made up. Teachers will notify the Director or Assistant Director and parents/guardians any time cheating occurs. A second incident of cheating in the same class may warrant further disciplinary action. Plagiarism (taking credit for someone else's work) is a blatant form of cheating.

ADD/DROP OF VOCATIONAL CLASSES

Any student wishing to add or drop a vocational class must get prior approval from both their home school guidance office and the Assistant Vocational Director.

ATTENDANCE

Attendance is the number one consideration of employers. WRVC also considers good attendance extremely important to your success. The Center strongly encourages regular attendance to maximize effective learning. Classroom instruction, demonstrations and discussions are an important part of each class. When classes are frequently missed that part of the missed instruction cannot be duplicated. A student's absence will be verified with each sending schools administration on a daily basis. To assist us, students who are absent must bring a written excuse for our file before reporting to class. **The excuse note should be signed by your parent or legal guardian or by yourself if you are over 18 years of age and have formally declared your independence.**

The Vocational Office will determine the classification of an absence since it may have an effect on your grades. The Center will verify any excuse, which is felt to be questionable.

NOTE: Attendance at school is the primary responsibility of the student and parent/guardian!

State of Maine law recognizes that a student's absence from school is justified in certain situations. The following circumstances constitute "excusable absence" as defined under Maine law:

1. Personal illness
2. An appointment with a health care professional that must be made during the regular school day.
3. Observance of a recognized religious holiday when the observance is required during the regular school day.
4. A family emergency, or
5. A planned absence for a personal or educational purpose, which has been approved.

TYPES OF ABSENCES

EXCUSED - Illness when verified by a parent/guardian, physician, medical or dental appointments when verified, death or serious illness in the immediate family, driver examination, school related activities, (e.g. field trips, college visits for juniors and seniors, etc.) religious observances, in school suspension, other reasons approved by the appropriate sending school office.

PLEASE NOTE:

High School related absences (field trips, college visits for juniors and seniors, etc.) shall not count as being absent from the Vocational Center, provided that, the student notifies their vocational instructor of the activity. In addition, the student will be responsible for all schoolwork missed.

UNEXCUSED ABSENCE - Illness not verified by a physician, employment, oversleeping, staying home to do school work, transportation problems, out-of-school suspension and absence with parental/guardian permission for reasons unacceptable to the school administration.

TRUANCY – Is defined as absence without knowledge and permission of parents' or guardian (classified as an unexcused absence).

PLEASE NOTE:

- ❑ ***Each sending school has an attendance policy that affects student grades. Students should be aware of their home school's attendance policy.***
- ❑ ***Westbrook Regional Vocational Center requires that a failing grade be given to any student who has accumulated over 5 absences in one quarter without completing a makeup plan deemed satisfactory by their trade instructor.***

DISMISSAL - The Attendance Procedure concerning absences will also apply to dismissals. If a student is to be dismissed from school, he/she should bring a written request stating the reason for the dismissal signed by the parent(s)/guardian(s) before the class is to begin. Notification will also be given to the sending school that early dismissal has been approved.

Please Note: Student cell phones should not be utilized to facilitate dismissal during the instructional day. Should an illness be serious enough to send the student home the Vocational Office will contact the parent/ guardian and the student will be sent home. A student will not be dismissed unless a parent or guardian can be contacted.

A student who leaves school property without advance permission will be referred to their home school for disciplinary action and/or receive in-school suspension for 3 days. Any subsequent offenses will result in an out of school suspension; the length of which will be determined between the Center and the home school administration.

ILLNESS AT SCHOOL - If a student becomes ill at school, permission must be requested from the teacher to report to the Vocational Office. If the illness is serious enough to send the student home, the Westbrook High school nurse or the Vocational Office will contact the parent/ guardian and the student will be sent home. *A student will not be dismissed unless a parent or guardian can be contacted.* Home schools will be promptly notified of the early dismissal. If a student does not follow this procedure prior to leaving the building, any classes missed will be considered class cuts.

CLASS START TIMES:

8:00 A.M. for Tech 1 or

10:50 A.M. for Tech 2

Or

arriving after your school's transportation (bus) has arrived at the Center.

TARDY TO CLASS – Students are expected to be in class on time. Being “on time” is defined as being inside the classroom when the bell to start class rings. Tardy to class of fifteen (15) minutes or more will be considered as a class cut and will result in the student being assigned a detention in the vocational office or at their respective sending school.

Car trouble, missing the bus, oversleeping, and similar issues are not excusable. Students who accumulate unexcused tardy to school will receive the following consequences during each quarter:

1st, 2nd, 3rd and 4th infraction—Warning

5th infraction - Office Detention, Parental contact, in addition to further administration action on individual basis, includes loss of driving/parking privilege (if applicable).

HOMEWORK - Individual trade instructors determine homework assignments and grading. Students are encouraged to check with their instructors at the beginning of the school year to determine his or her policy on homework, late work, grading, etc.

REQUEST FOR HOMEWORK - Homework assignments will be requested from instructors only if the student will be absent from school for at least three (3) consecutive days. Parents should make the request either via their home school guidance office or by calling the Vocational College Readiness Coordinator, Ralph Dean, at (854-0820).

MAKE UP OF MISSED WORK - All missed work due to absence, dismissal, tardiness or suspension is the student's responsibility to make up. It is also the responsibility of the student to make arrangements with the instructor to complete any appropriate substitute work as determined by the instructor.

All missed work due to absence, dismissal, tardiness or suspension will be made up as follows:

1. Students arriving late or being dismissed are expected to turn in all schoolwork that is due that day.
2. Upon returning to school after an absence or suspension, each student is responsible to contact, as soon as possible, their instructor.
3. Absence of:
 - a) 1 to 3 days – work must be made up within three school days following the last day of absence.
 - b) 4 to 10 days – work must be made up within six school days following the last day of absence.
 - c) Over 10 days – schedule of make-up to be developed cooperatively with other teachers and guidance counselor.

Instructors will be considerate of the problems of make-up after a long period of absence but will insist that work missed be completed within a reasonable period of time.

Maximum allowable time for make-up work – four weeks.

PLEASE NOTE:

- **Work missed because of truancy or class cutting cannot be made up.**
- **Any students holding an incomplete grade at the end of the quarter due to absences will be given two weeks after the close of the quarter to complete the work when appropriate. The Vocational Director and/or Assistant Director must authorize additional time beyond the two week maximum. Work not completed within this timeline will result in the student receiving a zero on the incomplete assignments.**
- **Flagrant and/or ongoing cases of truancy may result in students receiving a zero for missed work.**
- **In the case of any absence, students will be expected to be prepared upon the day of their return with the**
- **assignments received on the last day attended. This holds true for long-term assignments as well. If a student is absent the day a long-term assignment is due, the next day the student is in class the assignment will be expected.**
- **Assignments not turned in or work not completed will be graded as incomplete.**

CAFETERIA

Regional students may access the cafeteria up to 7:45 A.M. and between 10:25 A.M. and 10:40 A.M. food and beverages may be purchased in the café but must be consumed in the student lounge located in the Center. Students are expected to clean up after themselves when finished. Additionally, if food or beverage is spilled in the hallway, the student should notify the vocational office.

CLOSED CAMPUS

The Vocational Center enforces a closed campus environment. This means that once you arrive on school grounds, you must immediately enter the building and you may not leave without prior administrative or instructor authorization.

CONDUCT of STUDENTS

The Westbrook School Committee recognizes that appropriate student conduct is best achieved by clear expectations that promote self-discipline, self-respect and respect for others. The administrative staff and faculty are responsible for developing and implementing behavior and discipline standards in the Center and for disseminating the standards to school staff, students and parents in accordance with established administrative procedures.

To that end, the administrative staff, in cooperation with the faculty, is charged with the responsibility of determining such standards of conduct, as they deem appropriate, together with the necessary means for their enforcement. In the development of these standards, the Committee recognizes the right of the teachers to take such reasonable action as any parent might take in securing compliance with the established code.

Teachers are the first level of discipline and have the right to impose such controls as:

- Issuing warnings
- Assigning teacher detentions
- Removing from the classroom the student who commits a serious offense.
- If necessary for safety reasons, restraining a student who is physically violent
- If warranted, denying specified privileges granted to other students
- Take cell phones or other electronic devices which are being used without permission.

Every individual who enters WRVC needs to understand, abide by and believe in the following student conduct code regardless of age or student standing:

As a student attending WRVC, I understand my educational opportunity and my responsibility to be a positive, courteous, safe, cooperative and active learner. I agree to conduct myself throughout my vocational experience in such a manner that will display a receptive attitude toward effective learning for myself and those around me.

WRVC strives to provide every student the opportunity to receive the best possible education. The existence of the communities WRVC serves depends on the willingness of every member of those communities to follow certain expectations. With that in mind the Staff and Administration expect all students will choose to act responsibly with regard and respect for others. Students are expected to

converse with and respond positively to reasonable requests from any member of the faculty/staff (to include: administrators, teachers, resource officers, secretaries, substitutes, educational technicians, custodians, bus drivers, and food service personnel) in a polite, respectful and compliant manner. Blatant disregard of reasonable requests or directives is an example of insubordination. This will result in removal from school and appropriate consequences based on the seriousness of that behavior relative to the offense.

The following guidelines are presented in a belief that students know what constitutes appropriate behavior and, if consequences are clearly defined and fairly applied, students will act appropriately or accept those consequences for their choices/actions. Should any student behavior continue or escalate, administration may increase the severity of any consequence, as appropriate; in an effort to not only curb the behavior which is negatively impacting the school environment, but to insure the safety of all students and staff.

DISCIPLINE

Every student enrolled in a program at WRVC is expected to participate in all facets of that program. Any student refusing to participate in any class assignment including, but not limited to, field trips, field experiences, homework and shop assignments will be subjected to disciplinary action.

CLASS CUTTING – Not going to class or leaving the building

DETENTION - In order to be consistent with all schools attending the Vocational Center, it should be noted that one detention is a 45-minute block of time. WRVC students will serve detentions with their respective vocational instructors whenever possible. If not possible, students will be referred to vocational administration for subsequent detention assignments at their home school. All detentions that are served at WRVC will begin promptly at 2:30 P.M. It needs to be noted that detentions take priority over work commitments and extracurricular school activities.

TEACHER DETENTION (S) - Is the result of problems arising in the classroom. Teachers observing inappropriate behavior in the hallways or on school grounds may also assign them. Teacher detentions will be served with the staff member assigning the detention. If students refuse to serve assigned “teacher” detentions they will be assigned an additional “office” detention by an administrator.

OFFICE DETENTION (S) - Are assigned by an administrator. “Office” detentions may be assigned whenever students are sent from class for inappropriate or repetitive poor behavior, for breaking school rules, accumulating three (3) tardies, or for failing to serve “teacher” detentions. Office detentions will be served in the vocational office. Failure to serve an office detention will result in a day of in-school suspension at their home school.

IN-SCHOOL SUSPENSION - May be assigned for class cutting, refusal to serve detention(s), and other offenses. During in-school suspension, a student will be required to complete program or academic assignments. Should the material missed be unable to be completed in the

classroom setting, students are required to make arrangements with their trade instructor to complete all missed assignments after normal school hours. **In-school suspension at the student's home school is not considered an excuse for material missed.**

SUSPENSION - If a student is suspended from his/her home school, the student is reciprocally suspended from WRVC and vice versa. Suspension can be either in school or out of school at the discretion of the Vocational Director and/or Assistant Director.

Out-of-school suspension is a significant form of consequence. To that end, it is used to convey a message to students and their parents/guardians that the school cannot accept or tolerate the type of behavior, which prompted the suspension. Its effectiveness depends on the concern and follow-up by student/parents/guardians.

Please Note:

- ❑ *Out-of school suspension requires that the student be prohibited from attending school for a specified period of time up to ten (10) school days.*
- ❑ **During suspension the student may not be on school grounds or in the building unless given permission by the Director or Assistant Director.**
- ❑ *Violators will face further disciplinary/civil action. Schoolwork missed during suspension may be made up for credit using the make-up guidelines, and the student will be held responsible for the material covered in subsequent assignments and tests.*
- ❑ **A person suspended out-of-school is also suspended from participation in any school-sponsored activities (on or off campus) while under suspension.**

Suspension Procedures

1. Suspension is the responsibility of the Director/Assistant Director. Prior to suspension an administrator must:
 - a. Inform the student either orally or in writing of the charge against him/her.
 - b. Inform the student of the basis of the charge
 - c. The student will be given an opportunity to explain his/her response to any/all charges
 - d. When a student is suspended, his/her parents are to be notified in writing by mail and by telephone, if possible
2. If the presence of the student in the school poses a continuing danger to persons or property or an on-going threat of disrupting the academic process, an administrator may:
 - a. Suspend the student immediately for ten (10) days or less, and
 - b. Comply with 1a, b, c, and d, above as soon as possible.

APPEAL - Suspensions may be appealed solely to the Director of WRVC. Once an appeal has been requested, suspension will not commence until after the appeal has been heard. *In all cases of appeal, the decision of the Director is final.* Exceptions to the appeal process are drug and alcohol incidents, acts of violence, possession of weapons and other serious offenses where, following due process, suspension will be imposed immediately without regard to appeal.

DRESS CODE

Appropriate attire and grooming are an important component to the educational and workplace setting. Students are expected to take pride in their personal appearance; students are to be clean, neat and dressed in proper clothing to conform to acceptable school and employment standards with the goal of sustaining dignity and supporting an environment conducive to learning for all.

Student attire will not disrupt the educational process or constitute a possible threat to the safety and health of the student or his/her peers. Appropriate attire will be worn to all school activities at all times. Students are permitted to wear shorts and skirts of moderate (mid-thigh) length. Hats or any type of head covering must be removed immediately when entering the building at any time. Boxer shorts as exterior wear and bicycle/spandex shorts are not permitted during the instructional day.

The school administration will make the final determination as to what constitutes proper attire.

- 1. Safety Glasses are to be worn by all persons when in the trade shop areas where designated.**
2. Shoes must be worn at all times.

GRADING

All secondary students and post-graduates at WRVC will receive their grades on report cards given out at their home school. This is done four times per year. WRVC will report quarter grades, mid-term and final exam scores, as well as semester averages.

The Progress/Deficiency Reports is a general assessment of how the student is performing in their vocational program up to that time. Progress/Deficiency reports are sent to the Guidance Office at the student's home school half way through each quarter. Should a student become in danger of failing beyond this halfway mark, a call home by the instructor to the parent will be made.

The Reported Grades are a final record of learning achieved at a specific point in time. Grades are issued at the end of each quarter, or nine-week sessions using the following numeric grades:

93–100= A

85–92= B

77–84= C

70–76= D

0–69 = F

Withdrawn = W

Incomplete = I

GRADUATION REQUIREMENTS

With the implementation of Maine's system of Learning Results, local assessment systems to measure student progress toward achievement of the content standards of the Learning Results, the phasing in of standards-based diploma requirements, and heightened community expectations for student learning, the Westbrook Regional Vocational Center works in collaboration with each of the five communities accessing our Center. Each School Committee recognizes the need to establish minimum standards for the awarding of a high school diploma that are consistent with State law and regulations and with community educational values and expectations. Students, parents, and staff need to know the standards for attaining a high school diploma in order to plan an appropriate, sequential, educational program to meet that goal. The Superintendent of each district, through the high school principal or other designee, shall be responsible for making accurate information concerning diploma requirements available to incoming students and their parents prior to the start of their ninth grade school year. Please contact your individual school district to learn about their graduation policy requirements.

LOCKERS

Lockers are the property of Westbrook Regional Vocational Center. Lockers may be assigned to each student. WRVC will provide students with a combination lock for their lockers to prevent vandalism of

STUDENT AMBASSADOR'S

This group was established to give students the opportunity for positive input and participation in promoting the Center. Students represent their class and the Center for promotion and recruitment. Students attend regular meetings to develop skills as student ambassadors. Act as conduit between administration, staff and the student body to improve the visitation process. Participation gives students direct influence for making positive change at our Center.
